**Attention Residents consuming water from the
Manitowadge Drinking Water System**

Drinking Water Advisory Notice for those on Sodium Restricted Diets

Sampling of this drinking water supply has revealed the presence of sodium at a concentration of 42.2 parts per million. The aesthetic objective for sodium is 200 parts per million, however sodium at concentrations above 20 parts per million may be a concern to those on sodium restricted diets.

Those individuals on a sodium restricted diet are encouraged to seek an alternate approved source of drinking water.

If you have any questions, please call our office at toll free at 1-888-294-6630 or (807) 625-5930.

Yours truly,

Colin McLellan
